**Feature**

Self-Adjusting Nose Pads

Soft, flexible material allows each nose pad to independently conform to the wearer's face, delivering greater comfort,

contact and stability.

**Feature**

Adjustable Lens Angle

**Benefit**

Improves safety & reduces fogging! Each temple hinge ratchets to seven positions - 30 degrees of custom adjustability so lens is angled for both optimal eye protection and ideal space for air circulation.

**Feature**

Temple micro-adjustment

**Benefit**

A proprietary temple design (patent pending) that allows workers to adjust temple tension anytime, safely and without removing eyewear. The temple arm of the Honeywell Adaptec features a rigid insert that slides to control pressure against the head. Wearer can slide insert from front to back for a firmer fit, or back to front for a looser fit.
